

Year 7

- Number Theory
- Basic operations
- Angles
- Averages
- Fractions
- Introduction to algebra
- Area, perimeter and volume
- Probability
- Symmetry
- Fractions, decimals and percentages
- Equations
- Graphs

Year 8

- Place Value
- Algebraic notation/manipulating algebra
- Geometry terminology
- Basic operations
- Negative numbers
- Factors and multiples
- Units of measure
- Rounding
- Graphs
- Angles
- Statistics
- Fractions
- Percentages
- Decimals
- Equations
- Area, perimeter and volume
- Sequences
- Probability
- Linear Graphs
- Transformations
- Ratio and proportion
- Pythagoras theorem

Year 9

- Perimeter and area
- Manipulating algebra
- Angles
- Transformations
- Equations

- Ratio
- Sequences
- Percentages
- Volume and surface area
- Further percentages
- Handling data
- Changing the subject
- Constructions
- Place value
- Linear Graphs
- Statistical graphs
- Transformations
- Negative numbers
- Basic operations
- Angles
- Ratio and proportion
- Area, perimeter and volume
- Probability
- Basic trigonometry
- Pythagoras
