Dear Parent/Guardian

Re: Year 8 Northumberland Ecology Trip

Monday 15th July 2019

As part of activities week in the summer term the Science Department have organised a trip to the Northumberland Coast where students will take part in ecological investigations. The trip will include a boat trip with Billy Shiel's around the Farne Islands, home to grey seals and 23 species of seabirds. Students will also take part in their own independent investigation of species numbers and distribution for a coastal environment in Seahouses. This fieldwork offers students a chance to explore scientific ideas in a variety of natural environments and apply their knowledge of biology outside of the classroom.

As students will be taking part in a range of outdoor activities they will need to bring the following:

- Waterproof jacket
- Suitable footwear
- Waterproof overtrousers (optional)
- Warm clothes that you can layer up
- Spare clothes to change into (e.g. dry socks)
- Packed lunch / large bottle of water
- Medications/sun protection cream (including inhalers if asthmatic)
- Pen/Pencil/Ruler/Calculator/Notebook/Clipboard if possible

Students will be transported to and from all locations by coach and we will aim to return to school by **3:15pm**. We will depart at **8:45am** prompt. The cost for this trip will be **£18 per person**.

If your child is interested in attending the trip, please use the ParentPay system to complete the consent form and make payment. (ParentPay reminder on reverse of this letter). We only have a limited number of places available, so places will be offered on a first come first served basis. Once all places have been filled, ParentPay will be unable to accept further requests.

Yours faithfully
